Screenshots:

• Reference Screenshot: Empty Login Page

• Summary Of Test Results:

Total Test Cases- 13
Passed- 13
Failed- 0
Pass %- 100%

• Conclusion and Recommendations:

Pass Rate: 100%. All test cases covering multiple input conditions executed successfully.

- **Issues Found**

No issues / defects were found during testing. The application correctly validates all tested input conditions and displays appropriate success and error messages.

- **Recommendations**

1. Continue maintaining clear and distinct error messages for better usability.
2. Consider adding rate-limiting or CAPTCHA for production-grade security (currently not present).
3. This page remains an excellent practice site for both manual and automated login testing.

• Bug Reports:

No bugs were logged. All 13 test cases passed successfully.

Field	Description
Bug ID	-
Title	No defects found
Module	Login
Severity	-
Status	N/A – All Passed
